

ScanStation

Your business can greatly simplify capture and storage of data related to incoming check payments while ensuring extremely accurate, fast, and simple processing of account receivables. This is easily accomplished by deploying the cost effective, compact, and an easy to use ScanStation in conjunction with the world's most commonly utilized remote deposit capture check scanner – Panini's Vision X.

ScanStation Benefits

- The Panini check scanner and ScanStation can be operated simultaneously
- Full page scanner features auto-alignment for documents up to legal size
- Bitonal, grayscale or color duplex scanning
- 10 document rear storage tray
- EMV Smart Card reader included
- Unified API with other Panini platforms; Panini capture app available.
- Single power supply, a single USB cable and optimized footprint
- Connection of an extra USB peripheral or to Panini thermal, roll tape printer
- Uses thermal technology for the fastest, quietest and lowest cost receipt printing available.

Document Capture:

- Checks and payment slips on the check scanner
- Letters, envelopes, invoices, full page up to legal size
- Drivers' licenses and other rigid documents

- **Optimized cable management** with a single USB cable and single power cable to support all modules, resulting in better use of counter space and easier installation and support.
- Panini ISO-9001 certified processes and product design ensure market leading quality and **reliability**.
