

Easily process checks at the point of sale.

Faster, safer, more reliable payment solutions. Every business can benefit from increased efficiency and more robust options at the point of sale. Panini has partnered with Sage Payment Solutions EFT to offer check payment solutions for the point of sale that make life easier for business operators.

Efficient: Spend less time processing payments and more time doing business.

Dependable: Panini brings you the equipment you can trust. Sage brings you the processing solutions you can count on.

Check processing powered by Sage optimizes your range of transactions

Easy to use: Panini's m:Deal scanner and Sage Check 21 work together fluidly to simplify the transaction process.

Versatile: Feature-rich hardware and robust payment solutions offer the freedom to accept payments in any environment.

Gain peace of mind with dependable solutions

When it comes to ensuring an easy and secure transaction, dependability is everything. Businesses need the right hardware combined with the right processing solution.
